

**Louisiana Department of Health
Informational Bulletin 16-16
August 29, 2016**

Emergency Contraception Preferred Products as a Medicaid MCO Outpatient Pharmacy Benefit

Purpose:

This bulletin provides a list of preferred product(s) for emergency contraception for each of the five managed care organizations (MCO). The ultimate goal is to remove barriers for women to access emergency contraceptive products.

See page two for preferred product(s) list.

Emergency Contraception Preferred Products As a Medicaid MCO Outpatient Pharmacy Benefit

➤ **Prescription Is Required, Even If Over-the-Counter (OTC)**

➤ **Preferred Products do not require Prior Authorization (PA)**

➤ Prior authorization for products that are not preferred should be processed in 24 hours or less
