MEMORANDUM

TO: All Medicaid Providers

FROM: Ruth Kennedy
Medicaid Director

SUBJECT: SFY 2013 Reimbursement Rate Reductions

DATE: July 23, 2012

In order to avoid a SFY 2013 budget deficit in the Medicaid Program, the Department of Health and Hospitals (DHH) has reduced reimbursement rates for various Medicaid services with dates of service on or after July 1, 2012. Emergency Rules on the reductions will be published in the July 20, 2012 edition of the Louisiana Register. For details, see the Emergency Rule section of the July 2012 Louisiana Register at http://www.doa.louisiana.gov/osr/reg/register.htm.

While the rate changes are effective July 1st, it will take some time—potentially as long as a couple of months—before the necessary system configuration changes to reflect the new rates have been completed by Molina, Amerigroup, LaCare, Louisiana Healthcare Connections and Magellan. Providers can anticipate that, once the configuration changes have been completed, claims for dates of service 7/1/12 and after will be systematically adjusted.

A brief summary of the reimbursement rate reductions follows. This summary updates and makes obsolete any and all previously issued summaries.
