Urology	43	37	35	47	44

¹Provider totals are collected through data self reported by the Health Plans.

²"Total Bayou Health" data represents an unduplicated count of providers currently registered with at least one Bayou Health prepaid plan. Many providers are registered with multiple plans, therefore the figure in this column does not equal the sum of the provider count for each plan.

³"Medicaid 2011" represents an unduplicated count of providers in each specialty type, in each of the GSAs, that were actively enrolled in fee-for-service Medicaid in January 2011 through December 2012.
