

Results for CommunityCARE

1/1/2009 - 12/31/2009 Measurement Year (2009Q4)

Includes Recipients Enrolled in CommunityCARE At Least 11/12 Months and Last Month of Year

Incentive Based Measures					
Measure		Category	Denominator	Numerator	Rate

Access and Availability of Care *

Adults' Access to Preventive/Ambulatory Health Services		20 to 44 years	63,202	50,662	80.16%
		45 to 64 years	36,625	32,240	88.03%
		65 + years	35	30	85.71%
		Total	99,862	82,932	83.05%

Effectiveness of Care *

Comprehensive Diabetes Care		HbA1c testing	15,153	10,594	69.91%
Chlamydia Screening in Women		16 to 20 years	23,472	12,410	52.87%
		21 to 24 years	8,509	5,186	60.95%
		Total	31,981	17,596	55.02%

Use of Services

Well-Child Visits in the Third, Fourth, Fifth, and Sixth Years of Life		Total	126,497	83,168	65.75%
Adolescent Well-Care Visits		Total	171,459	73,819	43.05%

*Limitations/Explanations:

1. Measures are based on administrative claims data. Access and Availability of Care and Effectiveness of Care measures include paid, adjusted, and denied claims. Use of Services measures include only paid and adjusted claims.
2. T1015 Claims for FQHC/RHC settings are included.
3. Recipients enrolled in the LaCHIP Affordable Plan for more than 1 month of the measurement year were excluded since their claims are processed through the Office of Group Benefits.
4. Includes only recipients enrolled in CommunityCARE for at least 11/12 months and the last month of the measurement year.
5. Dually-eligible recipients are excluded.
6. Measures were calculated after a 6 month claim lag to allow time for completion of claims.

*Limitations/Explanations:

- Measures are based on administrative claims data. Access and Availability of Care and Effectiveness of Care measures include paid, adjusted, and denied claims. Use of Services measures include only paid and adjusted claims.
- T1015 Claims for FQHC/RHC settings are included.
- Recipients enrolled in the LaCHIP Affordable Plan for more than 1 month of the measurement year were excluded since their claims are processed through the Office of Group Benefits.
- Includes only recipients enrolled in CommunityCARE for at least 11/12 months and the last month of the measurement year.
- Dually-eligible recipients are excluded.
- Measures were calculated after a 6 month claim lag to allow time for completion of claims.
- The Children's and Adolescents' Access to Primary Care Practitioners measure is not limited to a PCP linked to the child.
 - Visits of the following types are included:
 - Office or other outpatient services, home services, preventive medicine visits, and general medical examination visits
 - Home services
 - Preventive medicine
 - General medical examination
 - Visits to CommunityCARE providers were included, regardless of specialty. Specialist visits to non-CommunityCARE providers were excluded.
- The Cholesterol Management for Patients With Cardiovascular Conditions Measure will be added by May 20, 2011.
