Mr. Kevin Campbell  
 Vice President, Provider Relations & Network Development  
 Amerigroup Corporation  
 5353 Essen Lane, Ste. 300  
 Baton Rouge, LA 70809

Dear Mr. Campbell:

Verity HealthNet is a Louisiana based company certified as a Small Entrepreneurship with the Louisiana Economic Development's Hudson Initiative that provides coordination on behalf of fifteen Louisiana hospitals;

Abrom Kaplan Memorial Hospital	Lafayette General Medical Center
Acadia General Hospital	Lafayette General Surgical Hospital
Baton Rouge General Medical Center	Opelousas General Health System
Baton Rouge Rehabilitation Hospital	Savoy Medical Center
Bunkie General Hospital	St Martin Hospital
Franklin Foundation Hospital	Thibodaux Regional Medical Center
Iberia Medical Center	University Hospital
Lady of the Sea Hospital	

and a number of other healthcare providers as network providers for Amerigroup RealSolutions. We have worked in partnership with Amerigroup since the inception of the Bayou Health Program to bring greater provider accessibility, administrative efficiencies and improved health status and outcomes to Louisiana's most vulnerable population. We offer this letter in support of the response by Amerigroup to RFP # **305PUR-DHHRFP-BH-MCO-2014-MVA**.

Since the inception of Bayou Health, Verity and our partner providers have worked diligently with Amerigroup to implement programs to improve member's health status and bring greater efficiency to the delivery of care. As an example, the majority of our hospitals have either implemented or are currently coordinating the implementation of onsite nurses to assist in patient care coordination, streamline prior authorization and Amerigroup continues to work with us to clarify and streamline the entire process.

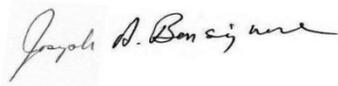

One of the challenges of the initial Bayou Health implementation was the loading of correct provider information into Amerigroup's credentialing and claim system to reduce unnecessary delays in claim processing and administration. Amerigroup worked diligently with us to ensure providers were loaded timely and accurately. While there is no doubt that patient care is the

most important consideration, efficient administration is important to the success of a program and Amerigroup's diligence in this capacity significantly reduced potential administrative issues at start up. We continue to work with them to further streamline administrative process around provider data and implementation.

Future initiatives include discussion around innovative provider programs designed to reward improved patient health and efficient utilization of healthcare services.

With a strong corporate resource base, yet with the flexibility and autonomy to implement programs and initiatives that are specific to and for the benefit of Louisiana members we are supportive of Amerigroup as a continuing health plan offered to the Bayou Health members.

Sincerely,

A handwritten signature in cursive script, reading "Joseph A. Bonsignore". The signature is written in black ink on a light-colored background.

Joseph A. Bonsignore  
President
