I. GENERAL INFORMATION

A. Background
1. The mission of the Department of Health and Hospitals (DHH) is to protect and promote health and to ensure access to medical, preventive, and rehabilitative services for all citizens of the State of Louisiana. The Department of Health and Hospitals is dedicated to fulfilling its mission through direct provision of quality services, the development and stimulation of services of others, and the utilization of available resources in the most effective manner.

2. DHH is comprised of Medical Vendor Administration (Medicaid), Office for Citizens with Developmental Disabilities, Office of Behavioral Health (OBH), Office of Aging and Adult Services, and the Office of Public Health. Under the general supervision of the Secretary, these principal offices perform the primary functions and duties assigned to DHH.

3. DHH, in addition to encompassing the program offices, has an administrative office known as the Office of the Secretary, a financial office known as the Office of Management and Finance, and various bureaus and boards. The Office of the Secretary is responsible for establishing policy and administering operations, programs, and affairs.

4. The Office for Behavioral Health/Addictive Disorders (OBH/AD) is charged with the formulation and implementation of policies relating to the treatment and prevention of alcohol and other drugs of abuse and/or gambling disorders; outpatient care facilities relating to alcohol and drug abuse or gambling disorders; the establishment of employee assistance programs for state employees; the provision of assessment, referral and treatment services for persons who abuse alcohol and other drugs or have a significant gambling problem and who are subject to the custody of state, municipal, or parish correctional institutions pursuant to agreements with such institutions; and the maintenance of statistics and other relevant information on alcohol, drugs of abuse, and gambling.

B. Purpose of RFP
The purpose of this RFP is to solicit proposals from public or private entities interested in providing inpatient residential halfway house treatment services for adult men and women and Temporary Assistance for Needy Families TANF eligible women with dependent children under the age of 12 in a free-standing (not hospital-based) setting.

A contract is necessary for the establishment and/or continuation of one (1) program to serve up to 16 adult males, 14 females, and 12 TANF eligible individuals consisting of adult females or a combination of adult females and their dependent children under age 12. These individual populations are subject to
change in response to adjustments in per diem rates and/or beds for TANF eligible females and their dependent children. Proposers with facilities having the capacity to house more than 42 clients will be considered, but funding will be restricted to 42 beds. The program sought is to be a non-hospital residential program and is intended for a chemically dependent adult who has completed primary chemical dependency treatment and is in need of supportive housing before returning to independent living. The program sought will utilize the network of the Office of Behavioral Health/Addictive Disorders Residential Programs as its referral source. The program may also accept referrals from private chemical dependency service proposers. The program sought must be free standing and used exclusively for the treatment of alcoholism and other drug dependency. Additionally, referrals are received from the Office of Behavioral Health/Mental Health requesting services for clients who have been diagnosed with combined psychiatric and chemical dependency problems. Clients in this category typically are in need of educational, vocational, and social skills training in a supportive, chemical-free environment.

C. Invitation to Propose
DHH Office of Behavioral Health/Addictive Disorders is inviting qualified proposers to submit proposals for inpatient residential halfway house treatment services located in Region VI in accordance with the specifications and conditions set forth herein.

16. The continuation of this contract is contingent upon the appropriation of funds from the legislature to fulfill the requirements of the contract. If the Legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

17. Any alteration, variation, modification, or waiver of provisions of this contract shall be valid only when reduced to writing, as an amendment duly signed, and approved by required authorities of the Department; and, if contract exceeds $20,000, approved by the Director of the Office of Contractual Review, Division of Administration. 19. Contractor will warrant all materials, products and/or services produced hereunder will not infringe upon or violate any patent, copyright, trade secret, or other proprietary right of any third party. Contractor agrees to protect, indemnify and hold harmless the State of Louisiana, DHH, from all claims for damages, costs, expenses and attorney fees arising in contract or tort from this contract or from any acts or omissions of Contractor’s agents, employees, officers or clients, including premises liability and including any claim based on any theory of strict liability. This provision does not apply to actions or omissions for which LA R.S. 40:1299.39 provides malpractice coverage to the contractor, nor claims related to treatment and performance of evaluations of persons when such persons cause harm to third parties (R.S. 13:5108.1(E)). Further it does not apply to premises liability when the services are being performed on premises owned and operated by DHH.

22. Any provision of this contract is severable if that provision is in violation of the laws of the State of Louisiana or the United States, or becomes inoperative due to changes in State and Federal law, or applicable State or Federal regulations.

HIPAA Business Associate Addendum:
This Business Associate Addendum is hereby made a part of this contract in its entirety as Attachment ___ to the contract.

1. The U. S. Department of Health and Human Services has issued final regulations, pursuant to the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”), governing the privacy of individually identifiable health information. See 45 CFR Parts 160 and 164 (the “HIPAA Privacy Rule”). The Department of Health and Hospitals, (“DHH”), as a “Covered Entity” as defined by HIPAA, is a provider of health care, a health plan, or otherwise has possession, custody or control of health care information or records.

2. “Protected health information” (“PHI”) means individually identifiable health information including all information, data, documentation and records, including but not limited to demographic, medical and financial information that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual or payment for health care provided to an individual; and that identifies the individual or which DHH believes could be used to identify the individual.

   “Electronic protected health information” means PHI that is transmitted by electronic media or maintained in electronic media.

   “Security incident” means the attempted or successful unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations in an information system.

3. Contractor is considered a Business Associate of DHH, as contractor either: (A) performs certain functions on behalf of or for DHH involving the use or disclosure of protected individually identifiable health information by DHH to contractor, or the creation or receipt of PHI by contractor on behalf of DHH; or (B) provides legal, actuarial, accounting, consulting, data aggregation, management, administrative, accreditation, financial or social services for DHH involving the disclosure of PHI.

4. Contractor agrees that all PHI obtained as a result of this contractual agreement shall be kept confidential by contractor, its agents, employees, successors and assigns as required by HIPAA law and regulations and by this contract and addendum.

5. Contractor agrees to use or disclose PHI solely (A) for meeting its obligations under this contract, or (B) as required by law, rule or regulation or as otherwise permitted under this contract or the HIPAA Privacy Rule.

6. Contractor agrees that at termination of the contract, or upon request of DHH, whichever occurs first, contractor will return or destroy (at the option of DHH) all PHI received or created by contractor that contractor still maintains in any form and retain no copies of such information; or if such return or destruction is not feasible, contractor will extend the confidentiality protections of the contract to the information and limit further uses and disclosure to those purposes that make the return or destruction of the information infeasible.

7. Contractor will ensure that its agents, employees, subcontractors or others to whom it provides PHI received by or created by contractor on behalf of DHH agree to the same restrictions and conditions that apply to contractor with respect to such information. Contractor also agrees to take all reasonable steps to ensure that its employees’, agents’ or subcontractors’ actions or omissions do not cause contractor to breach the terms of this Addendum. Contractor will use all appropriate safeguards to prevent the use or disclosure of PHI other than pursuant to the terms and conditions of this contract and Addendum.

8. Contractor shall, within 3 days of becoming aware of any use or disclosure of PHI, other than as permitted by this contract and Addendum, report such disclosure in writing to the person(s) named in section 14 (Terms of Payment), page 1 of the CF-1.
9. Contractor shall make available such information in its possession which is required for DHH to provide an accounting of disclosures in accordance with 45 CFR 164.528. In the event that a request for accounting is made directly to contractor, contractor shall forward such request to DHH within two (2) days of such receipt. Contractor shall implement an appropriate record keeping process to enable it to comply with the requirements of this provision. Contractor shall maintain data on all disclosures of PHI for which accounting is required by 45 CFR 164.528 for at least six (6) years after the date of the last such disclosure.

10. Contractor shall make PHI available to DHH upon request in accordance with 45 CFR 164.524.

11. Contractor shall make PHI available to DHH upon request for amendment and shall incorporate any amendments to PHI in accordance with 45 CFR 164.526.

12. Contractor shall make its internal practices, books, and records relating to the use and disclosure of PHI received from or created or received by contractor on behalf of DHH available to the Secretary of the U. S. DHHS for purposes of determining DHH's compliance with the HIPAA Privacy Rule.

13. Compliance with Security Regulations:
   In addition to the other provisions of this Addendum, if Contractor creates, receives, maintains, or transmits electronic PHI on DHH’s behalf, Contractor shall, no later than April 20, 2005:
   (A) Implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the electronic protected health information that it creates, receives, maintains, or transmits on behalf of DHH;
   (B) Ensure that any agent, including a subcontractor, to whom it provides such information agrees to implement reasonable and appropriate safeguards to protect it; and
   (C) Report to DHH any security incident of which it becomes aware.

14. Contractor agrees to indemnify and hold DHH harmless from and against all liability and costs, including attorneys’ fees, created by a breach of this Addendum by contractor, its agents, employees or subcontractors, without regard to any limitation or exclusion of damages provision otherwise set forth in the contract.

15. Notwithstanding any other provision of the contract, DHH shall have the right to terminate the contract immediately if DHH determines that contractor has violated any material term of this Addendum.
