RFP # 305PUR-DHHRFP-PBM-II-OPH
Proposal Due Date/Time: June 20, 2012
4:00 P.M. CDT

| # | RFP Ref | Page # | RFP Text | Question and Answer |
|----|------------------|--------|--|--|
| 1. | Pharmacy Network | 8 | Contractor shall create, maintain and/or expand a pharmacy distribution network within Louisiana and provide LA ADAP with an established and operational single source mail order distribution system capable of serving the needs of eligible clients in all 64 parishes of the state | <p>Does the State require an “any willing provider” pharmacy network, or can the PBM limit participation to a closed retail pharmacy network plus a mail option, as long as 100% client access can be achieved?</p> <p>No, the State does not require an “any willing provider” pharmacy network, however, it is preferred that the successful proposer retain any of the State’s current contract pharmacy providers that are able to meet the contractor’s network requirements. Also, pursuant to the Conflict of Interest section on page 16, neither contractor nor its subcontractors shall have ownership or any interest in any pharmacies in Louisiana which will participate in the provider network created or utilized under the contract awarded through this RFP.</p> |
| 2. | Deliverables | 9 | Establish and maintain a network of pharmacy locations capable of providing walk-in service to 100 percent of LA ADAP clients. | <p>Could you please provide refreshed prescription claims information for Primary ADAP (full pay) and HIP clients by parish?</p> <p>Please see Attachment A.</p> |
| 3. | Deliverables | 9 | Establish and maintain a network of pharmacy locations capable of providing walk-in service to 100 percent of LA ADAP clients. | <p>Please provide the current volume of prescriptions that are provided by mail, broken out by delivery area (Parish)?</p> <p>Please see Attachment A.</p> |
| 4. | Deliverables | 8 | Provide payment to retail network pharmacies on a regular basis in accordance with NCPDP Guidelines. The Contractor must also provide detailed invoice information to SHP staff on all reimbursable <u>charges incurred</u> for each invoice period, such as the cost of medication, applicable copayments and deductible charges, dispensing fees, etc. | <p>What is the current prescription dispensing fee for third party and 340B claims?</p> <p>Third party claims are currently managed by HIV/AIDS Alliance for Region Two (HAART) as the contracted provider of the Louisiana Health Insurance Program (HIP) services which does not provide a dispense fee for third party claims. 340B are currently managed by SHP through the LSU Medical Center outpatient pharmacies at a dispense fee of \$10.50 per claim.</p> |

|----|--------------|-----|--|--|
| 5. | Deliverables | 8-9 | Have an established mail order pharmacy as an option | <p>Current method of prescription shipping fee reimbursement, by: prescription, package?</p> <p>Louisiana AIDS Drug Assistance Program (LA ADAP) does not currently contract with a PMB or a mail order pharmacy to provide medication shipment. This will be a new service as part of the PBM contract.</p> |
| 6. | Deliverables | 8-9 | Have an established mail order pharmacy as an option | <p>Current dollar amount of shipping fee reimbursement?</p> <p>Louisiana AIDS Drug Assistance Program (LA ADAP) does not currently contract with a PMB or a mail order pharmacy to provide medication shipment. This will be a new service as part of the PBM contract.</p> |

Services provided May 1, 2011 – April 30, 2012:

2567 clients received 39,725 drug fills were through ADAP primary (full pay).
