To Whom It May Concern:

RE:

STATE OF LOUISIANA  
DEPARTMENT OF HEALTH AND HOSPITALS  
UTILITY APPROVAL/NO OBJECTION NOTICE  
(FD-1E Rev. 3/10)

Alan Levine  
SECRETARY

**I. Wastewater disposal**

- community sewer, specifically the \_\_\_\_\_.
- private onsite sewage treatment and disposal system, specifically a \_\_\_\_\_  
with an LHS-47 permit issued under number \_\_\_\_\_
- alternate disposal system for ice-vending (French drain or other form of subsurface drainage)

**II. Potable Water**

- It also relies on a
- community water system, the \_\_\_\_\_.
  - private potable water supply, plans for which have been approved by
    - appropriate parish officials.
    - Regional/Central Office Engineering Staff.

**III. Grease Trap or Interceptor**

*The FDU Sanitarian and/or facility operator will provide the necessary information to evaluate the need for a grease trap or interceptor for a particular operation.*

- This facility
- does not require a grease trap or interceptor
  - has an interceptor or trap sized at \_\_\_\_\_ GPM flow rate or  
\_\_\_\_\_ gals capacity below static water level

These utilities have been accepted with no objection or approved by the appropriate personnel at the state or parish level.

Signed \_\_\_\_\_

Title \_\_\_\_\_

(parish official or parish sanitarian)

*Please fax or email a file copy to the FDU sanitarian who forwarded this request to you.*
