

Healthcare Education Workgroup Report Out
2nd Quarter LASC Meeting

90 Nurses participated in a training offered at the 17th Annual Pediatric Nursing Conference Shriners Hospital of Shreveport. The nurses were provided 1 contact hour Continuing Nursing Education through Northwestern State University. Participants learned how the Expert Panel Review-3 Guidelines can be utilized to connect the learning and clinical environment in an effort to improve asthma diagnosis.

32 Physicians and 5 Nurses participated in trainings in Baton Rouge on November 16th and December 4, 2013.

Total Trained to Date: 127

Goal: 200-500 clinicians

Recommendations for the updated Healthcare Provider Toolkit were incorporated by Kristie Bardell and will be reviewed during today's meeting for comments/feedback.
